

Employee Assistance Program for Mental Health

Employee Assistance Program:

We are committed to assisting all our clients to live a more rich and meaningful life with our professional and person centred services.

Mental health support is just as vital to an organisation for the health, well-being and productivity of its staff as any other service. We have created an affordable and professional Employee Assistance Program so your staff, and their families, can have access to professional therapeutic support when needed. Specialised for small businesses!

Benefits:

- Professional Therapeutic Support
- Increased Productivity, Morale and Teamwork
- An Emotionally Supportive Work Environment
- Possible Reduction in Stress Related Compensation Claims.
- Tax Deductible Service

Rates:

This service allows your staff and their families to have their counselling sessions covered by your organisation at a discounted rate for a set amount of sessions per person per annum. When your staff have a session, online or in person, your organisation will be sent a discounted invoice for this service. This is an easy to use pay per session Mental Health EAP Service designed especially for small businesses!

- \$100 Per Session. Online or in person. One on One support.
- \$150 Couples Counselling Session.
- \$350 Per Year Admin Fee.
